Customer Reviews

Good material for beltlers and pretty good campaign material. This is more of a blue collar working class people adventure/campaign.

I don't even play Traveller. Very rich in detail. Great job

This is a pretty neat look at asteroid belts, and what you can find in them. This would be a nice source to use for any space game if you want that extra detail. Specifically, we have a belt spelled out with a campaign to go with it. This is really well done overall, and as noted, worth getting whether you play Traveller or not.
