Book formatting details: 1) Active Table of Contents. Footnotes & Endnotes. 2) Word Wise " Enabled. 3) Illustrations & Tables (if any) are available with ZOOM feature on double-click. • Beyond Good And Evil • by 'Friedrich Nietzsche' Book Description Beyond Good and Evil confirmed Nietzsche's position as the towering European philosopher of his age. The work dramatically rejects the tradition of Western thought with its notions of truth and God, good and evil. Nietzsche demonstrates that the Christian world is steeped in a false piety and infected with a 'slave morality'. With wit and energy, he turns from this critique to a philosophy that celebrates the present and demands that the individual imposes their own 'will to power' upon the world. This edition includes a commentary on the text by the translator and Michael Tanner's introduction, which explains some of the more abstract passages in Beyond Good and Evil.

Customer Reviews

The eBook and the version of the paperback showing the two eyes in a frame are not the Kaufmann translation. This translation is OK, but you should know that the product information is incorrect. Additionally, the two versions I refer to use ALL CAPS instead of italics. Nietzsche loves his italics, especially in BGE. It's like he's screaming every other sentence.

I used this book for an intro to philosophy course, but the readings were so good that I had to hold onto it for my own personal library.

It's a challenging read if you're used to 5th grade news writing or never read anything longer than a twitter post. Fred is definitely NOT a fan of the trophies for everyone mentality!

Translators notes are great. Nice copy.

Perfectly as described! Great Seller!

product was as stated and arrived on time

It is the first time that I've read one of Nietzsche's books, and I have to say that it is staggering. I will not claim I understood it all. It would take much more than casual reading for that, but even so, I cannot recommend it enough.

I bought this as a companion to the audio book. I always do that so that I can read certain parts as I listen to the book because it helps me understand. This book is too information dense to listen to for me however. The number of thoughts/ideas per sentence is just too high and I'm going to have to read this one without listening to it. Perhaps I will be able to listen to it when I'm done reading. He's a profound thinker and I personally find many of Nietzsche's arguments moving and "meaningful" to this day. If you are a philosophy nerd like me I'm sure that you will like the book but be warned for my feeble mind it cannot be taken in while driving.
