Manifest Your Millions: A Lottery Winner Shares His Law Of Attraction Secrets (Manifest Your Millions! Book 1)

Synopsis

This powerful book was written by a lottery winner who explains how anyone can make the Law of Attraction work. The Law of Attraction is not a fly-by-night fad, but an immense spiritual power that can be used by any person who is willing to understand its characteristics and how it responds to human intention. There are no limits to what you can manifest with the Law of Attraction, but the question is: Are you willing to do the spiritual work necessary to manifest the life of your dreams? If so, this book will provide all the information you need to manifest your desires. Through the Law of Attraction you can manifest financial abundance, wonderful opportunities, a better job, a new home, a fulfilling romance, a new car, a lottery prize, or anything else that you can make a part of your beliefs and feelings. The author of this book has successfully used the Law of Attraction to manifest lots of money, and so can you! **WHAT MAKES THIS BOOK SO UNIQUE?** This book contains a number of unique spiritual insights and perspectives that are proven to work. After explaining what the Law of Attraction is and how it responds to intention, I discuss the power of spoken affirmations and how to use them effectively. Next is a section on Creative Visualization that contains two parts. Part one discusses the history of creative visualization and the quantum effects it has on the world around us. Part two deals with the four essential elements of creative visualization and explains how this manifestation tool can be used effectively. The following chapter on Gratitude and Receiving provides powerful techniques to help you attract whatever you set your intention on. One chapter that I am particularly fond of is called Living in Balance, which is one of the most important chapters in this book. The metaphysical ideas discussed in this chapter are so profound that this information must be understood and implemented in order to make the Law of Attraction work. No amount of spoken affirmations and creative visualization will work unless you understand the spiritual importance of Living in Balance. I have also included a Question and Answer section that addresses the most important questions that people have asked me about the Law of Attraction. Finally, this book concludes with a chapter detailing my Prosperity Action Plan, which is the action plan I used to manifest financial opportunities, lottery prizes and other wonderful things. Are you ready to learn proven manifestation techniques? If so, you should read this book so you can begin manifesting the life of your dreams today.

Customer Reviews

I've read many law of attraction books including The Secret by Rhonda Byrne. The content in this book opened my mind even further. I gained a better understanding of what creative visualization looks like and how it is done. Thank you Eddie for sharing this with me :)

I was debating on getting this book since I have read so many law of attraction books. This one is really awesome! I loved it. Detailed and easy to read. I am sure you COULD win the lottery DOING the techniques in the book. Information was great and I will be using it for my own lottery win :)

Excellent written. Very clear explanation of how the law of attraction works. The author has done a great job of simplifying the law of attraction into daily actions you can take to make it work through and for you. I've been following almost all of the advice given in this book for over a week now and not only do I feel like a better, more magnetized version of myself, I also feel happier and more grateful than ever! I love the feeling of expectation! I haven't felt this energized since my teenage years!

This book is much deeper than I thought, it's a must, easy read and to the point that shows how it works, what the reasons why not work etc. Follows the exact directions and it will work without question.

I liked the book and heard it on audio as well, but I am still a skeptic with all this manifesting and the "Law of Attraction" stuff. But I do know of people that claim that's how they have made it big. So the book actually does share some things that may help people understand how Manifesting works..

Great job in taking biblical laws created by God and breaking them down in simplicity in a secular manner! Three things in my opinion that are most important...creative power of your spoken word....spoken by the richest man to ever live...King Solomon: "Death and life are in the power of the tongue...." Proverbs 18:21. Gratitude....extremely powerful in attracting money, and strong feelings of prosperity! Great job in including actual examples of people who won the lottery...!

Thank you very much Eddie Coronado for this marvelous book that finally helped me fully understand how to use the Law of Attraction correctly. I love the way you really filled in the blanks of what prevents the manifestation process. I want to thank you very much for introducing me to Dr. Eldon Taylor's Innertalk CDs they really help to remove the subconscious blockages and beliefs that prevent the manifestation process. I purchased the Abundance and Prosperity CD and I am so happy thank you again and keep up the great work.

Before buying the book I questioned what advice a book costing only \$3 could offer me. But to my surprise I got more than I bargained for.. This book teaches you how to approach life.. It is under price for what it offers. For those who are still searching for a filler for that "void" read this book. It is an easy read and quite fulfilling. You may not win the lotto but win an even bigger prize....knowledge and understanding!!!! And we know what we can do with knowledge....
