Dark Destruction (EMP Lodge Series Book 4)

Synopsis

In this new dark world, responsibility for others is a heavy burden. Megan Welford is used to handling her own problems, so being part of a makeshift family, and all the responsibilities that come with it, is a new experience. Sheâ€™ll do anything to help protect her newfound love Wyatt and the lodge groupâ€”but sometimes events are out of her controlâ€”| When a leak in a nearby dam threatens to flood the land theyâ€™ve fought so hard to keep, Megan and her group will have to make a difficult choice: stay or leave? Stopping the flood will require all their resourcefulness, prepper ingenuity and effortâ€”but leaving it will mean the blood lost protecting it was for nothing. As Wyatt reveals the true hidden value of the lodge, theyâ€™ll be forced to dig in and build a set of flood defenses to divert the incoming torrent. But with the leak growing larger everyday the survival of the group is anything but guaranteedâ€”and little do they know, a force more malevolent than Mother Nature is behind the deteriorating damâ€”|

Fourth book in the series, which I recommend that you read in order to learn the histories of the characters and how they came together. They are all well developed and I have come to understand their wants and hopes. I look forward to each new book by Grace Hamilton. She offers a setting that one can believe is possible and from a unique prospective. I look forward to getting book 5 soon. My rating of "Dark Destruction - EMP Lodge Series Book 4" is 4.75 out of 5 stars.

I've read all four books in the series. They've each been a page turner . If your looking for a nice rainy day read this is it. It's definitely one you won't want to put down until finished. An then it will leave you waiting for the next in the series to come out. Excellent read

Grace Hamilton redeemed herself and this series with this book. The story was great, and the editing was, thankfully, MUCH improved! Once again, I anticipate the next book in the series.

Oh my! It's not just people you have to worry about in an apocalypse. There's nature and man made objects too, things you just don't normally think about. Thank you Grace Hamilton for another great book in the series. Can't wait to see what happens in Book 5.

GREAT author. I have loved and enjoyed all of these books. Characters so human and lovable.

Storyline so well thought out. Looking forward to the next one. I will be waiting. Thanks.....

I loved this book. It was my favorite so far. The characters are true to life. The storyline flows well. The writing is brilliant. Keep em coming.
