Customer Reviews

Great read. Bringing up children is hard after a divorce but when the ex is accused of murder it gets harder. Can she help her children over their sense of rejection and clear his name? Why is everyone's behaviour changed after staying at the inn? Nice little plot and the characters have developed with each book. A good study of the feelings experienced after a divorce. Worth a read.

Scarlett is every mother who has faced divorce with children. She is all that and more because of her being druid, but most women will really RELATE to Scarlett. The mystery is right there also; the answers come quickly and it's interesting. But the real story is about Scarlett and a mother's love.
