International Politics: Enduring Concepts And Contemporary Issues (12th Edition)

Synopsis

Places contemporary essays alongside classics to survey the field's diverse voices, concepts, and issues. Challenging students to use original scholarship to recognize and analyze patterns in world politics, this bestselling reader considers how to effectively understand politics under governments and beyond. Carefully edited selections cover the most essential topics and are put into conversation with each other to illustrate fundamental debates and differing points of view. Comprehensive and engaging, *International Politics* offers the best overview of the discipline as well as the forces shaping the world today. **ALERT:** Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. **Packages** Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. **Used or rental books** If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. **Access codes** Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase.

Customer Reviews

Robert J. Art is Christian A. Herter Professor of International Relations at Brandeis University, Research Associate at Harvard University's Olin Institute of Strategic Studies, Senior Fellow in M.I.T.'s Security Studies Program, and Director of M.I.T.'s Seminar XXI Program. In 2006, he was recognized with the Distinguished Scholar Award by the International Studies Association.

Robert Jervis is Adlai E. Stevenson Professor of International Affairs at Columbia University; he is a former President of the American Political Science Association.

Arrived as suggested, gave to classmate he said it was a very nice copy. Was well received. Thank goodness for everything.

I am using this book for my Introductory international relations class. Art and Jervis choose excellent articles that counter each other so you are able to form your own opinion based on various scholars. Though it is not comprehensive, the text is essential to learnings in International relations

Good primer

Great quality and clear printing but...The price is ridiculous for just renting it for a semester. Not worth it.

I order this copy of the book and was given a later version that was not easy to follow for my course.

very interesting, but not a light read. I'd suggest taking notes in the margins, highlighting and looking up the references. and don't forget the caffeine some of the included essays can get a bit dry

A great book that can open your eyes to politics. From knowing very little about the topic, I can proudly say that I learned a lot having now read this book.

Good sampling of international relations material in a well organized fashion. It's a great introduction to the field. The only disappointing part is not having the full texts of some of the samplings, as many of them are so interesting! That's what a library's for...
