Fairycraft: Following The Path Of Fairy Witchcraft

Synopsis

An in-depth manual for practicing Fairy Witchcraft including theology, fairy lore, rituals, holidays, and magical practices. This book aims to pick up where Pagan Portals - Fairy Witchcraft leaves off and teach interested people the comprehensive practice of this system of honoring the Fair Folk and liminal Gods by blending the old Fairy Faith with modern paganism.

Customer Reviews

Morgan Daimler is easily becoming my favorite author on the craft. She packs these books FULL of her knowledge from her own experiences and well known and respected resources. Between her 2 books on fairycraft, her overflowing knowledge of especially Irish folklore and the Goddesses, The Morrigan and Brigid and the Gods and Goddesses honored within fairycraft I am learning more than I ever have about the craft. I'm not disregarding my own experiences thus far.. although I am understanding and processing many experiences more clearly through Morgan's writings and shared knowledge. She has a way with words and sharing her wisdom in a very straight to the point

manner, meaning and matter. She is a fabulous teacher.

Personally I find it almost difficult to express the range of emotions this book has brought about for me. As a reclusive member of the broad Pagan tribe, it has been a heartening experience to find another on this solitary path. I admire how she's woven her life strands together with this practice, and also the obvious depth of her devotion to it. She seems a most pragmatic mystic, and a scholarly one as well. I am glad she wrote this book, and so shall many who come upon it in the times to come I'm sure.

anything written by Morgan Daimier is good in my opinion. This one is great if you are interested in learning more about our Fae Folk. She is a wonderful source of information as well as a great writer. If this subject is of interest to you, I highly recommend this book.

If you think solitary Fairycraft is the path for you, start with this book. Morgan does a wonderful job of introducing the reader to the basics, the mythology and the reality of working with the Fae.

Loving this book so far. I am a fairy Wiccan. Love to read everything aboutfairies.

Well written and detailed it brings this rich subject under a new light. A substantial work that never fails to please the reader being a lively invitation to further studies. A true gem in this field.

Interesting book

It was just what I expected. The reading is easy to follow and understand.
