Witchcraft: The Ultimate Beginners Guide To Mastering Witchcraft In 30 Minutes Or Less. (Witchcraft - Spells - Wicca - Tarot Cards - Magick - Rituals - Demonology - Witch Craft)

Synopsis

Witchcraft- The Ultimate Beginner's Guide to Mastering Witchcraft in 30 Minutes or Less! Learn everything you need to know about witchcraft and its techniques, like casting a spell circle, invoking Gods and Goddess, closing the spell circle etc. This book is for beginners who are interested in stepping into the magical world of witchcraft, but are unsure where to begin. Most beginners remain puzzled where they should start; this book is particularly for them. You will learn about the basic rituals of the craft. A simple way of casting a spell circle is by connecting with the divine, invoking Gods and Goddess etc. after the completion of the ritual closing the circle. By the time you finish reading this book you are going to be able to cast your own spell. You may even try the mentioned spells as a beginner but after a few days and experience, you may be able to create your own spell. You should have this book to learn and master the craft within 30 minutes! > In this book you will learn how to make a spell circle, connect with divinity, close the circle and perform magic spells.> This book will teach you the steps of preparing yourself to make a connection with divine power. > In this book you will learn how to make a circle to keep yourself protected while casting spells.> This book will guide you throughout your journey of learning basic witchcraft methods to casting spells.> This book will teach you to connect your inner energy with the deities.> In this book you will learn witchcraft is the path of divinity not a satanic way of living. What You'll Discover from the Book 'Witchcraft- The Ultimate Beginners Guide to Mastering Witchcraft in 30 Minutes or Less' ** Why you should choose the way of magic to succeed in your life. ** How to make magic work in your life to gain prosperity, happiness, financial security, good health etc. ** Step by step instructions on easy casting circle methods, which means opening the circle and making the connection with the divine power. ** The importance of learning the history and traditions of witchcraft so that a connection can be made with other witches and the traditions of rituals. ** What to do while casting spells for the first time, what precautions you should take while leaving the circle. ** How to recognize the symbols and tools of witchcraft and perform the holy rituals using all the components and tools. Customer Reviews

First opening this book sent chills down my spine because of all the prejudice associated with the name, but being in touch with the environment instead of being ignorant of forces that exist is what I value the most. I was therefore pleased to find this book because it covers a subject I have long been interested in finding out more about. The writer's eloquence has helped me do away with all the doubts I had, which come from how the craft has been portrayed to me in the past. The writer does well in explaining all the elements that go into witchcraft, and this information is very helpful to me. I can now say that I understand the craft and it is not at all what it's made out to be. This book is very informative and entertaining.

This is a amazing book I been studying witchcraft for awhile now and came across many book, This book is great for beginner and the simple spells that are in the book are very easy. What I like the most about this book it explain how witches are not all evil , They are really just like everyone else. For years witchcraft is something so many people misunderstood so this book tells is all like it is. If you want to learn witchcraft or just get a better understanding I highly recommend this book.

This book presents the magical beliefs and skills that can be performed individually or in a group, called witchcraft. In other words, the craft that is practiced by witches as a tool, allows us to release the inner power that lies hidden within all of us. It is about the choice of doing good or bad, that makes the difference between black witchcraft or white witchcraft.

Witchcraft 101! This is a very fun book on what and how of witchcraft. It is very interesting and the topic is very fascinating. The information is very easy to understand and also to follow. You won't be confused. If you are really interested in witchcraft and you want to know the how and why of this topic. I recommend you to read this one.

This is a good book for beginners studying witchcraft. In fact it is one of the few I have come across and is a good read. It will in fact clear up a lot of the misunderstandings of witchcraft which has been around for years. It is truly a good read and will help anyone understand witchcraft from a different perspective.

An insulting attempt at over simplifying a sanctified way of life. After reading the first page, I knew Nancy had no intentions of educating her readers. She is simply capitalizing on the "controversial" topic of Witchcraft. What she defines as Witchcraft is but a bastardized understanding of western magick. And most of her conclusions is obviously based off of speculation, and NOT experience. My recommendation to anyone who is interested in learning about actual Witchcraft, may I suggest you start with Ray Buckland. Witchcraft, or more specifically Wicca, is a way of life, not something to be "mastered" in 30 minutes. This book is just another ignorant attempt to make money, and nothing more.

Just not well written and kind of an insult to a deeply complex spiritual practice. For instance, the author states, in an off handed way, that you should not forget the sprinkle salt water in your circle but doesn't explain why. Magick and ritual have no power or meaning if the the person practicing doesn't know why they're doing what they're doing. I just started researching witchcraft and this seems like an obvious problem. It's misleading to think you can learn anything of substance in this way.

This was a very helpful insight one I am glad to have read
