Choosing Judaism

Synopsis

In print for over 20 years, Choosing Judaism has become a classic guide for individuals considering conversion. By sharing her own story, Lydia Kukoff has created a truly remarkable work about what it means to make this significant choice. Readers follow Kukoff as she moves from the Christianity that defined her youth to the Jewish identity she has chosen to embrace in adulthood. She presents the joys and struggles of her conversion process, honestly admitting to her deepest fears and celebrating each triumph on her journey toward Judaism.

Customer Reviews

Choosing Judaism bring a new light on converting to Judaism it shows you what other people have went through and how to feel about your journey into becoming a new Jewish person I would recommend

I really like this book as it addresses the feelings that I have in the conversion process to Judaism. Suggestions for how to establish my own Jewish identity are very helpful, and the commentary from other converts provides hope.

books were received as scheduled for delivery; the packaging was real nice; the books are a great addition to my hebrew library and spiritual improvement of the history of my people. I am seeking more understanding of the hebrew's history and spirituality.

Good read.

The book arrived as expected. This is a used book categories under: used very good. The book is brand new...I highly recommend this publisher, in particular. Thank you!

Good, just different from what I was expecting.

For my first suggested reading by the Gabbai at the synagogue, this was such a disappointment. IT WAS COMMENTARY! It was not implications at what Judaism is about. This is a poor read, and honestly, I recommend it for none.

This was a very fast reading book. I enjoyed the writer's style. I found several things very interesting. I was shocked to see the writing indicating that it was 'okay to celebrate xtain holidays'... From my standpoint, I've come out of the church and I do not want others sinning in the false belief factors. It is very hard to tell family that you can no longer partake in their holidays. The writer did indicate that 'you're not partaking', but I have to beg to differ and say, if you're eating, you're partaking. There are many other days to get together with family, I.E. Thanksgiving. And for children to see both Jewish and church holidays is very confusing. We then wonder "where did assimilation come from?" The book was good, I have already recommended it to friends.
