Reviews: "Your books were so great and helpful, I gave them to my Dad, and have not seen them back! So I need another set!" - Another happy customer "Your series of books and tapes have helped me make the first daunting steps and I entered my first competitive event ever, the 2004 NRA High Power Week Competition at Camp Perry. Your Data Book is the best that I have seen and all the information that you had put together and your personal commitment to Juniors in the sport is indeed commendable." "Steven Field

Customer Reviews

EXCELLENT INFO.

A useful guide, probably particularly useful if you own an AR15 or similar (I don't so can't be certain but the advice looked sound). Somewhat repetitive and padded with anecdotes which may or may not be of interest to any given reader - probably not unless you are involved in the US shooting circles the author moves in.

USMC Ret M/Sgt Jim Owens put out a great book. Gathered from years of experience the Corps way! And from leading barrel experts on how to keep your match grade barrels "Match Grade"!

great
