Customer Reviews

I read this book in two hours. It was very captivating. The price was a little high to me because of all the grammar mistakes and multiple typos. For sure needs better editing for the price. Otherwise, it has a good plot and I loved getting to know the characters. I'm anxiously awaiting the next book! Please hurry!!

Yes.....I liked this. Very mysterious. The death could have been dealt with better, plus the romance for some was 'off'

I really liked this book. Already ready for book 2!

I thought it was good different considering most which books are about women covens not all men with one girl

I loved this book!!! Can't wait for the second one to come out. Quinton is my favorite. Worth it so go ahead and buy it.

Good book, can't wait to see where to series is going.

An enjoyable book, looking forward to the next one

As someone who reads a good two hundred books a year (not an exaggeration, I love to read) I was very impressed with this book. There was a great mix of mystery, emotion, and the perfect amount of steam. The character development is off to a great start, I can't wait to find out a little more about all of the guys, including Dash, Damien and Julian. The other guys already have my heart, especially the twins. I'm interested in finding out about Ariels dad as well as seeing the developments with Mr. Cole. I feel like there's more to his story than meets the eye. This book takes a different approach than others I've read, both in the supernatural and rh categories. It is really a great read. I'm glad to be done waiting for it to be released, but also already sad about having to wait for the next one. Although, judging by the quality of this one, I'm sure it'll be worth it!
