Lippincott's Photo Atlas Of Medication Administration

Synopsis

Lippincott's Photo Atlas of Medication Administration uses the nursing process format to provide step-by-step nursing skills (with rationales). In addition to being completely illustrated, the Photo Atlas also contains documentation guidelines and samples, and Unexpected Situations, which explain how to respond to unanticipated outcomes. Topics include removing medication from an ampule, removing medication from a vial, mixing medications from two vials in one syringe, administering an intradermal injection, and more.

Customer Reviews

great pictures

Fantastic review for nursing students.

Bought this for my skills class and it really did help. Reviewed it before practicum.
