Rented this for a Philosophy class. I really love the way it's written.

Quick history of Philosophy made easy. Although I don't like some of the versions of works presented here, it is close enough for any intro class. or non-majors.

Informative

Good book

Had to buy for class. Very informative. Wish there was an online version as it is easier sometimes when having an online class and only having to change Windows. But the fact it is a book does help me not stare at the screen for long periods of time.

great condition
