Customer Reviews

Unfortunately this book had little surprises or secrets to give me when I finally cracked it open for a good read. Generally speaking I am happy I own it. If you are into Mechwarrior Dark Age, or the Jihad that predates it, this is money well spent. Of the books dedicated to the WOB Jihad, this one and the book about Terra are the 2 most useful to overall players of Battletech.

Good:1) Overall material. Well written.2) New LAM's and Automated Drone rules

Bad:1) No real development of the scattering of the WOB forces. Please don't drag it out into another book :X2) Limited art to go with the "clippings" style of these Jihad books.

cool book.
