Mechwarrior Dark Age #4 Silence Heavens: Book One Of The Proving Grounds Trilogy (A Battletech Novel)

Synopsis

Since the failure of the interplanetary communications system, the ages-long peace within the Republic of the Sphere has begun to shatter. Power-hungry factionsâ "such as the Steel Wolvesâ "are raiding vulnerable worlds to establish their own rule. Â As a gateway to Earth, the planet of Northwind has strategic value, making it an exposed target to the splintering factions emerging across The Republicâ "and Duchess Tara Campbell will not allow her home to fall into enemy hands. Offering military assistance, The Republic sends Paladin Ezekiel Crow and his fully armed BattleMech to help defend Northwind. Â MechWarrior Anastasia Kerensky, she of the infamous bloodline, has her sights set on possessing Northwind, and what Anastasia wants, Anastasia usually gets. But first she must contend with the deadly politics of the Steel Wolves before she embarks on a conquest that could lead to the very heart of the republic itself.

Customer Reviews

Even in the Dark Ages of Mechwarrior, warfare should be realistic, and sadly that's not the case here. Although this book starts off well, and the secondary characters are interesting at first, but the

author doesn't really utilize them enough. They do add some flavor, though. The main characters are a little transparent, and the plot could use some work. Still, it's the best of the 3 books in this trilogy by far.

I found the story a little too infantile for my likes. The first two books were ok. They made a good read.
