Planning Atlanta

Synopsis

More than any other major U.S. city, Atlanta regularly reinvents itself. From the Civil Warâ™s devastation to the 1996 Olympic boom to the current housing crisis, the cityâ™s history is a cycle of rise and fall, ruin and resurgence. In *Planning Atlanta*, two dozen planning practitioners and thought leaders bring the story to life. Together they trace the development of projects like Freedom Parkway and the Jimmy Carter Presidential Library. They examine the impacts of race relations on planning and policy. They explore Atlantaâ™s role as a 19th-century rail hubâ• and as the home of the worldâ™s busiest airport. They probe the cityâ™s economic and environmental growing pains. And they look toward new plans that will shape Atlantaâ™s next incarnation. Read *Planning Atlanta* and discover a city where change is always in the wind.
