Customer Reviews

Nice little question book. A little overpriced but the content is good. The pulm boards are awful though and no amount of studying on top of what I did would have helped. Remember though that if a hiker and his dog get sick its BLASTOMYCOSIS. Its on the test EVERY YEAR.

Good depth.

I did the first 10-20 questions only but did seem to be good in content. I ended up just doing seek questions which i thought were enough to pass boards.

Questions are high quality and on par with the ACCP SEEK questions.

Great questions, relevant, consistent with the Inservice exam and seek questions and with very good information. Try it before the seek books and you will be amazed.

I enjoy reading it for the board.

Arrived fast.....appreciated.
