War Of The Black Tower: Part One Of An Epic Fantasy Series: Cursed By The Dark Lord (The War Of The Black Tower Trilogy Book 1)

Synopsis

When a dark power rises, only a cursed prince can stand against it. Baleron is the youngest son of the king of Havensrike, a land eternally at war with the sinister empire of Oslog to the south, ruled by the Dark Lord himself. Baleron, a womanizer and rogue, the black sheep of the royal family one step from being kicked out of the castle, longs to redeem himself in his father's eyes. But when his beautiful sister Rolenya is seized by the dark powers, the thralls of the Dark Lord call out to Baleron in worship, calling him the Chosen One of their Master. What can they mean? As if that weren't bad enough, the gears of war begin to turn, and the legions of Oslog pour forth from their lairs to make war upon the free peoples of the North. If Baleron can't save his sister and unlock the secret of his nature, the Dark Lord will sweep the world in shadow.

War of the Black Tower: Part One: Cursed by the Dark Lord is the first volume in the action-packed epic fantasy trilogy by USA Today and New York Times bestselling author Jack Conner. With the darkness and grit of George R. R. Martin and the sweeping adventure of J. R. R. Tolkien, War of the Black Tower features grand set pieces, epic battles, operatic action and the best dragon since Smaug. If you like thrilling action adventure with amazing twists and turns you won't see coming, don't miss out on this unique epic fantasy series. Scroll up and grab War of the Black Tower: An Epic Fantasy Trilogy: Part One: Cursed by the Dark Lord today!

Customer Reviews

As if the two books preceding this trilogy weren't thrilling enough, this opening sequel is even more dynamic. Mr. Connor's world building is exceptional, the physical scene setting initiates suspense even before actions occur. His characters are powerful, yet we relate them through their human frailty. He draws the reader into the story quickly. You hate to leave. This is fantastic dark fantasy. I do highly recommend this book and author if dark fantasy is your genre.

Well, thanks to Jack Conner, I have another Epic Fantasy Trilogy that I can't wait to finish! War of the Black Tower: Book One is fast paced and detailed enough to spark the imagination without making you want to skip ahead 4 pages to find some real action. Of course the war ultimately comes down to Good Vs Evil, however, it is so much more interesting when the good guy is also a bad boy....and, bonus, the love interest doesn't turn into a Harlequin romance / soft porn! (So sick of getting slapped in the face with details I do NOT want in the middle of an otherwise perfectly good paranormal / fantasy novel.)BTW ~ vampires, elves and a DRAGON!!!

I'm not sure what I was expecting when I picked up this book, but I wasn't expecting this! This book is simply amazing! I absolutely loved this book! Awesome epic fantasy action. Baleron (LOVE the name) is the hero, and of course he has a curse, but he doesn't let a little curse stand in his way! This is a well crafted story and I absolutely enjoyed reading it from start to finish. It's an absorbing and attention-grabbing work that had me engaged from the beginning. The story flows from scene to scene effortlessly, and the author shows exceptional ability when it comes to storytelling. The story had every element a good story should have. An exciting plot, attention to detail, but best of all fleshed out, well-written and well-rounded character development. This interesting and compelling work, as I said, had my attention from the beginning. The novel is paced faced, with lots of twists and turns that will take the reader on an intriguing journey. The setting is very much like Lord of the Rings, but not. I wish there were more epic fantasy novels out there like there like this one! The character development, as I said is fantastic, the storyline flows effortlessly, and the writing is absolutely stellar. The descriptions are so vivid you feel like you are right there within the pages of the book. Seriously, once you start, you will not want to put this book down for any reason. I love books where I feel like I'm in another world, and wow, did I ever feel like I was

right there with this one! I can't say enough good things about this book! Get it, you will be so glad you did! Obviously, I highly recommend.

All in all I liked the book. Parts of it were very grim and rather tedious, so I almost abandoned it at one point. But the section about the elves and their relationship to men was innovative and very interesting, and the last third of the book was gripping. The hero Baleron showed more emotional development as the book proceeded. By the end it was interesting enough for me to want to read the second volume.

As someone who has read and re-read Tolkien stories for years, I was instantly drawn to this book. Baleron is a debonair rascal but he does love his family. I could just see the precarious glint in his eyes as he did things that were mischievous including his womanizing. He was instantly my favorite character. Even when I found out he had some serious issues brewing, I felt he would find a way to do the right thing. There is a good amount of drama and suspense throughout and I was thoroughly immersed within a few minutes. This is a fast paced read- nothing drags. This book quickly became a favorite read. It was the first I read by this author but definitely will not be the last. I could see this book being made into a movie as it has all the right elements.

Generally well written, but the depth of the story and characters is not as memorable as some other epic fantasy series I've read. Still a good read

I was looking for something along the lines of the Shanara Series and instead found a quirky twist to this saga that was actually very clever. It is a bit slow at first and hard to figure out but as the story unfolds you begin to feel everything the characters do is really happening. I am looking forward to the entire series.

Baleron is a prince and trying to defend against all takers. This is a dark fantasy with vampires, demons and a lot of adventure. A little bit in the Lord of the Rings genre, but it stands on its own as a slightly different genre. I liked the character development and found this to be a compelling well written read.
