Bhagavad-gita As It Is

Synopsis

The largest-selling edition of the Gita in the Western world, Bhagavad-gita As It Is is more than a book. It is alive with knowledge and devotion; thus it has the power to change your life for the better.Â Bhagavad-gita is knowledge of five basic truths and the relationship of each truth to the other: These five truths are Krishna, or God, the individual soul, the material world, action in this world, and time. The Gita lucidly explains the nature of consciousness, the self, and the universe. It is the essence of India's spiritual wisdom, the answers to questions posed by philosophers for centuries.Â In translating the Gita, A. C. Bhaktivedanta Swami Prabhupada has remained loyal to the intended meaning of Krishna's words, and thus he has unlocked all the secrets of the ancient knowledge of the Gita and placed them before us as an exciting opportunity for self-improvement and spiritual fulfillment. The Gita is a conversation between Krishna and His dear friend Arjuna. At the last moment before entering a battle between brothers and friends, the great warrior Arjuna begins to wonder: Why should he fight? What is the meaning of his life? Where is he going after death? In response, Krishna brings His friend from perplexity to spiritual enlightenment, and each one of us is invited to walk the same path.

Customer Reviews

The best book I've ever read, I lead my life according to its teachings, and its unadulterated and authentic as it is, untainted by anyone's ego.

You are not your mind or your body and this is not your life, it's a movie. Who's watching the movie and who's the director? Get the scoop from the producer himself, Krishna! With purports from Sri Prabhupada, find out who you really are, why we're here on earth and what we can do to turn our minds into our best friend instead of our worse enemy. Start living the life you were intended to live, read The Song of God, Bhagavad-gita.

I take it as an honor writing a review for this great book! Of course, one doesn't need to write a review for The Bhagavad Gita - the greatest philosophical classic mankind has ever seen. But I have no words to express my pleasure and gratitude about Swamiji's translation and commentary of the Gita in Bhagavad-Gita, As It Is. He conveys the Supreme knowledge and the message of the Gita in such an articulate, compelling manner, which easily drives one of today's generation which is clouded in materialistic world into following a spiritual path, ultimately leading to realization of the truth about himself and God, and the purpose of life. This is by far the best translation of the Gita available today. It makes me wonder, if anything else in this world seems important compared to the divine, enlightening knowledge one can obtain from the Gita. Swamiji's work on the Gita is undoubtedly the best for anyone who is yearning for the divine knowledge, and too add it up, Swami Prabhupada is a self-realized spiritual teacher from the disciplic succession beginning from Lord Krsna himself. This is a MUST READ for anyone who wants to know the truth about God, and who we are.

Can't go wrong with ancient wisdom. Author can be repetitive at times in his interpretations and you may not agree with some things but all in all it makes for insightful, good reading.

believe to be the first book , Amazing universal inspiration. thanks Swami P ! ! ..

I have been looking for this book for a while and ironically even though this is an Indian religious book, it was not easily available. There are several attempts at explaining the wisdom of the Gita by

several authors but I like the way the meaning, paraphrases and purpose of each shloka has been explained. It has been a beautiful, enlightening and guiding read. There are places you still have to overlook the author's bias towards Krishna as the only Lord but the knowledge the book manages to leave you with far supersedes anything else. It has given me clarity over so many things - I stand a changed person today.

Completely changed my life. I read it almost daily and every time I open the book I discover a new realization that I overlooked before. The Bhagavad-gita as it is is the most pure english version of this text as Srila Prabhupada states everything as it is without speculation or interpretation to distract you from it's wisdom. This book should be on everyone's shelves.

Thank God for this. A human being even as it was as it is, a real challenge to ones ego, how to knock it out in one full - felled swoop. This is truly one of the trustworthy Sacred documents, and blessed are we it is still here.
