OB/GYN Peds Notes: Nurse's Clinical Pocket Guide

Synopsis

A DAVISâ ™S NOTES BOOK!Hereâ ™s the essential clinical information you need to care for obstetric, gynecological, newborn, and pediatric patients in any setting. The 3rd Edition of this popular pocket guide has been thoroughly revised and updated to reflect nursing practice today.What students and clinicians are saying:â œThis is very user friendly. Perfect size to carry around at clinical. Quick and easy reference with accurate up to date information. Would highly recommend for any nursing student or nurse in the OB/GYN or Peds field.â •â " Kamesha Fontenetta, .comâ œThis is incredibly helpful at clinical rotations, as well as when I'm studying and need to quickly find a piece of information. There's so much information packed into such a tiny package, it's taught me as much if not more than my actual textbook!â •â " Caitlin B., .comâ œA great, pocket sized guide to many of the basics! I love this book. Want to NOT look like an idiot on your OB/GYN clinical...me too...buy this.â •â " Eric, .comâ œIt has helped me learn and memorize all of the new terms, tests, and ranges for this rotation. Highly recommend it!â •â " Martha Camacho, .com

Customer Reviews

Helpful. A little hard to read with the small print.

Very helpful especially considering I've only been in L&D for 6 months

Great pocket guide, keeps everything simple.

Awesome book. Great for clinical setting.

Lots of info in a small book that's the perfect size for scrub pockets. The indexed tabs at the bottom make it easy to find information in a hurry. There's also an index section in the back of the book. This is helpful for both Peds and OB rotations for nursing students.

Great!
