Hazzard's Geriatric Medicine And Gerontology, 7E (Medical/Denistry)

Synopsis

The gold-standard text on the diagnosis and treatment of disorders affecting the elderly – completely updated with a new full-color presentation A Doody's Core Title for 2017! The definitive treatise on the subject of geriatrics, this comprehensive text combines gerontology principles with clinical geriatrics, offering a uniquely holistic approach to this ever-expanding area of medicine. Written by some of the world's most respected geriatricians, Hazzard's Geriatric Medicine and Gerontology, Seventh Edition presents up-to-date, evidence-based information in a rich new full-color design. Unmatched as a textbook, this classic is also valuable to fellows in geriatric medicine. Hazzard's Geriatric Medicine and Gerontology, Seventh Edition is logically divided into five parts: Principles of Gerontology, Principles of Geriatrics, Geriatric Syndromes, Principles of Palliative Medicine, and Organ Systems and Diseases. Within its pages, you will find balanced, authoritative coverage of every essential topic – from evaluation and management to nutrition and palliative medicine. Here's why the Seventh Edition is the best edition ever: • NEW full-color design with hundreds of color photographs • NEW chapters: Quality of Care in Older Adults, Common Non-Pain Symptoms in Older Adults, Strategies of Effective Communication Around Advanced Illness, Palliative Medicine in the Continuum of Care Including Hospice, Coagulation Disorders, and Plasma Cell Disorders • MORE chapters on Palliative Medicine • NEW Learning Objectives and Key Points added to each chapter • MORE tables, drawings, and clinical algorithms • EVIDENCE-BASED through the use of the latest clinical practice guidelines, references to systemic reviews, and critically appraised topics • UPDATED to reflect the most current clinical breakthroughs and advances for managing older adults in various settings

Customer Reviews

Recommended. But be aware that is a very advanced medical reference, not directed to the typical layperson.

The last word in geriatrics. Each edition has gotten better.

Great book! And nice formatting for kindle users like me.
