Differentiating Surgical Instruments

Synopsis

Take a close-up look at the tips of over 700 cutting, clamping, grasping, retracting, and other surgical instruments to help students clearly and effectively distinguish among them."Surgical technology instructors have been in great need of a text like this one." -- Susan W. Boggs, RN, BSN, CNOR, Surgical Technology Program, Piedmont Technical College, Greenwood, South Carolina"I wish Differentiating Surgical Instruments was available when I was a student, its concepts and planning has created the most user friendly surgical instrument book I have seen. As a Surgical Technology Program Director I look forward to my future student benefiting from this book in the classroom and as training tool in central sterile supply for years to come. Differentiating Surgical Instruments has set the bar for future Surgical Instrumentation textbooks." -- Kevin R. Craycraft, CST, Surgical Technology Program, Central Kentucky Technical College, Lexington, Kentucky"The book is very well thought out. It includes everything necessary to make this the instrument book of the future." -- Judith Schatte, RN, CNOR, CRNFA, Brevard Community College, Cocoa, FL

ISBN-10: 0803612249

ISBN-13: 978-0803612242

Product Dimensions: 8.5 x 0.5 x 11 inches

Shipping Weight: 1.2 pounds

Average Customer Review: 4.5 out of 5 stars 51 customer reviews

Best Sellers Rank: #505,234 in Books (See Top 100 in Books) #18 in Books > Textbooks > Medicine & Health Sciences > Reference > Instruments & Supplies #27 in Books > Medical Books > Medicine > Reference > Instruments & Supplies #58 in Books > Medical Books > Nursing > Anesthesia

Customer Reviews

The book is informative and will assist in the learning of surgical instruments , but the spiral part that connects the pages will not hold up, and soon the pages will come detached. I will probably need to get a folder for the loose pages.

Excellent guide for those starting off in the medical field

Pretty good. I wish it was arranged by type of instrument. But it is helpful.

Everything was great

Excellent book if you are studying to be a CRCST, CST, etc

Arrived quickly and was very informative

On time deliver and product as described

Real easy to follow but I love the flash card
