Stolen Legacy

Synopsis

For centuries the world has been misled about the original source of the Arts and Sciences; for centuries Socrates, Plato and Aristotle have been falsely idolized as models of intellectual greatness; and for centuries the African continent has been called the Dark Continent, because Europe coveted the honor of transmitting to the world, the Arts and Sciences. It is indeed surprising how, for centuries, the Greeks have been praised by the Western World for intellectual accomplishments which belong without a doubt to the Egyptians or the peoples of North Africa.

Customer Reviews

I am in the process of returning the book because it is not the real book as advertised. This is not a comment on the Book titled "Stolen Legacy" by George G.M. James who is a wonderful author and writer. This is to alert the public that this book with this cover is a copyright infringement book. The original book published by Philosophical Library in 1954 - First Print - contained 190 Pages. This copy only has 166 Pages. There is no mention of the publisher or copyright inside the first page of the book.

Excellent Work!!! A MUST-READ!!!

This book was received well before the expected due date and in the best of shape. It is like a brand new book and I am very happy with this purchase, thank you!

I Love History

Fascinating book. Author suggests that Greek philosophy and science is based on knowledge obtained from the Egyptian mystery orders. Worth the read.

Truth written.
