Book by Sword and Sorcery Studio

A nice quick overview of the other, lesser explored continent in the Scarred Lands. There is a lot of really useful information in here if you want to run your players through some of the locales of the continent but don't feel the need to buy the complete sourcebook.

Excellent addition, Charduni empire, the Blood Bayou, The cat like Terali, the Barbaric gnolls, Gnomes, Forsaken elves... and a Big honkin map! This book is an excellent addition for the scarred lands and just for a few bucks gives you countless adventure ideas... the only downfall is the end of the book. All and all Sword & Sorcery just keeps getting better and better; and this book is proof.
