# Iron Hard (Clockwork Cravings Book 1)

## Synopsis

Baron de la Warren returned from the war a hero, a sky captain lauded for his brilliant strategies and swashbuckling boldness. Savagely beautiful, he is far too masculine to be pretty, but he is certainly magnificent. And irresistibly sexy. Tinkerer Annabelle Waters is startled when his lordship commissions mechanized lovebirds, wondering at the private man who lives beneath the public personage. What manner of warrior thinks of such a lover's gift? She is more than a little eager to see for herself...

## Customer Reviews

The story was intriguing, to call it a "book" is ridiculous. This is a sexy hot, short, short,short story! I was disappointed. The story line could have expanded into a wonderful tale of an empowered, intelligent woman.

I feel cheated because this tasty little sample jumped right into a hot sex scene, then left me hanging after the climax! Well clearly I must purchase the book to see what the young lady chooses!

So far, so good. The title gives nothing away!

Book is too short. Story needed more development. Just as things got interesting the book suddenly ended. I was left with questions about where this could have gone.

only 2 chapters. Not happy.

ok wouldn't read another one this short but love everything else of Sylvia day especially Crossfire series. Othes may find it a fun short novella just didn't grab me as much, historical novels I like 500 pages and huge character and scene building

Not the typical Sylvia Day "location". It's almost as if the setting is during medieval times. Not what I expected.

Love the story, but it is too short to be considered a book. This story appeared in the anthology Steamlust. I would love to have some backstory and really expand this steam universe she created.

It was ok. Nothing major happens a 1hour read. Not worth the.99. Love Sylvia day though
