Synopsis

The Black Power of Necromancy Although the Solars alone can wield the mighty power of Solar Circle Sorcery, they are not alone in wielding magic. The Deathlords and their Abyssal slaves can focus the vast power of the Malfeans into the black miracles of Necromancy, evil magic equal to the mightiest wizardry in Creation. **The Sorcery of the Dead** The Book of Bone and Ebony details the black art of Necromancy, and many other important facets of the Underworld. From the secrets of Stygia to the construction of necromantic war machines and new ghostly Arcanoi and Underworld creatures, this book offers all the information you need to unlock the power of death in any game involving Abyssals or the Heroic Dead.

this is the abyssal bible, a must have for any necromantic death knight, who really wants to kick up some ruckus for the realm. it gets deep in the underworld bidness in this book, with tons of whats what, and whos who, as well as wheres where. its the ultimate companion book for the abyssals core book and a definite must have for any gamemaster who really wants to jack with his PC's, or just to straight jack them period. its an awsome fun book that will leave you looking over your shoulder with its dark and gritty mood and feeling, and the artwork is just darn right saucy...woof ;) its a great read that keeps you flowing through it like blood on an altar. enjoy and happy shopping :)
