Bugs & Slugs: A Folding Pocket Guide To Familiar North American Invertebrates (A Pocket Naturalist Guide)

Synopsis

The adorable ladybug is one of hundreds of species of invertebrates found in and around your home. This beautifully illustrated guide highlights over 140 familiar and unique species of beetles, bugs, spiders, flies, aquatic insects and everything in-between. Also identifies the differences between different types of invertebrates, the eight major groups of insects and tips on identifying species in the field. Laminated for durability, this lightweight, pocket-sized folding guide is an excellent source of portable information for novices and experts alike. Made in the USA.

Customer Reviews

Bugs & Slugs, An Introduction to Familiar North American Invertebrates, is a must-have reference guide for beginners and experts alike. Whether you're on a nature hike or exploring in your neighborhood, you'll want to take along a copy of this indispensable guide. The Pocket Naturalist series is an introduction to common plants and animals and natural phenomena. Each pocket-sized, folding guide highlights up to 150 species and most feature a map identifying prominent sanctuaries and outstanding natural attractions. Each is laminated for durability. (3 1/2 X 8 1/4 folded, opens to 22 X 8 1/4, color illustrations, map)

Zoologist Jim Kavanagh has made a career out of introducing novices to plants, animals, the

sciences and world cultures. In addition to creating over 500 simplified nature guides, he has also authored guides to languages, cities and outdoor skills. An avid traveler and backpacker, Kavanagh's path has taken him around the world to many remote destinations including the upper , Africa, Australia, and the Arctic Circle (and this is just the As). He is also the author of a series of state-specific guides to common species and natural attractions and a children's book on evolution.

Good laminated pocket guide. Nice pictures.

cool but not not a good guide for more experienced nature lovers

great for beginner nature lovers! fits in your cargo pocket or backpack and ready to be opened whenever you run into something that needs identification.

Good little bug handbook.

I recently purchased 5 of these little folders (different subjects). They're great for slipping into your pack or pocket. I've used this one several times. It's good for identifying common things but if you want a really complete guide, get a book.

Very informative

Good

EXCELLENT SERIES. GOOD FOR FIELD IDENTIFICATION, ALSO GREAT FOR ARTISTS WHO WISH TO DRAW A SPECIFIC BUG OR SLUG, OR PAINT ONE, TO GET A LOOK AT AN ACCURATE SPECIMAN. ALSO FOLDED NICELY TO OPEN OUT TO FULL SIZE, VIRTUALLY WEIGHTLESS, AND EASILY PACKABLE. EDUCATIONAL, CONVENIENT, WELL DONE AT A LOW PRICE. IMPERMEABLE TO WATER AND STAINS, PLASTICIZED SO WIPES CLEAN. REALLY GREAT! HIGHLY RECOMMENDED.
