The First And Second Books Of Enoch: The Ethiopic And Slavonic Texts: A Comprehensive Translation With Commentary

Synopsis

The First and Second Books of Enoch: The Ethiopic and Slavonic Texts: A Comprehensive Translation with Commentary contains Lumpkin's renowned work of his first book, The Lost Book of Enoch, along with his newest work, The Second Book of Enoch. He adds piercing insight and commentary, which include explanations of ancient terms and names as well as the meanings behind the rich symbolism of dates, numbers, and seasons. The First Book of Enoch is also known as the Lost Book of Enoch, Ethiopic Enoch, and 1 Enoch. The Second Book of Enoch is also known as Slavonic Enoch, the Book of the Secrets of Enoch, and 2 Enoch. This is one of a very few books containing both ancient texts in one volume.

Customer Reviews

Good information.

This was an excellent purchase and I was very please with the product and the service that I received. Thanks !

Finding material on Enoch is not easy. The book barely missed the cut to be canonized and put into the Bible. Enoch actually walked with God, but some of the material was too complex for the people of that day so the powers that be left it out. I rate this book high because of the reliable author and format of the accurate material. I have studying Enoch for years and enjoy the different perspectives

from various sources. May your walk be with the Father also! Stephen

I read everything I can find about the Book of Enoch as it is necessary to understanding much of church tradition. This translation, with commentary by Joseph B. Lumpkin, is as good as it gets. The timetable on pages 178-179 is extremely helpful. Though this is a scholarly text, it is also a good read. If you are just discovering "Enoch" I recommend reading it in the heat of summer as it will chill you to the bone and you won't need to run your air conditioner. The First and Second Books of Enoch: The Ethiopic and Slavonic Texts: A Comprehensive Translation with Commentary

This was a good history lesson of the true origins of angels/man and how they both failed God and started practicing evil. It also dips onto the workings of the universe. Some of it is unverifiable but not necessarily incorrect. It starts out with some really interesting history.

A couple of comments here. This is a good listen on Audible, however when using Audible the chapter list does not match the actual location in the book. I have found this to be true with other Audible books as well, so this makes it hard to know exactly where one is for future reference. Secondly, on the Audible chapter list showing chapter 93, the reader is actually at chapter 90. At the end of this chapter 90 the reader makes a mistake where in verse 17 it reads "Here now, my children, and walk in the path of righteousness, but shun that of oppression; for all who walk in the path of iniquity shall perish for ever"....the reader's mistake is that he says "...for all who walk in the path of righteousness shall perish for ever". I'm sure he meant to read "unrighteousness"
