The Love Plot Workbook: How To Plot A Romance Novel (The Plot Chronicles) (Volume 2)

Synopsis

HOW TO PLOT A ROMANCE NOVEL Romance novels are a labor of love. But writing your book doesn't have to be laborious. Don't reinvent the wheel-- or the plot outline. The elements you need to get plotting and get writing are at your fingertips. Learn how to structure your book with the pivotal and connective scenes listed in the template worksheets that get to the heart of the matter: the buildable plot. Whether you're writing category romance or romance in general, The Love Plot Workbook can get you from the blank screen to the last page. Which is just what you need. No fuss, no frills, no filler. And that's just write. So grab your pen and create something your readers will love!

Customer Reviews

I skimmed this book, because after I read the first few pages, I realized I didn't need it. I'm not saying this book isn't useful--for a writer who would like to try to write a romance who has not done so and does not have a basic knowledge of them, this book is full of good tips. But I've been reading romance since I was in my teens and I have the basic formula down pat. :) Certainly, though, this book is a great guide for a writer who would like to attempt to write one. There are lots of good ideas on plot, character development, conflict, sub plots, etc, that are needed to move a romance along. Perhaps if Ms. King would have included something in her title for beginners, maybe, or first time romance authors, I would have passed this by.

I really like this book as it breaks down into chapters and tells us what should be in each of them.

Loved this book!

This book takes the three part story structure most authors are familiar with and breaks it up to more defined steps to plot your novel. Focusing primarily on romance, you can use the basic 16 part system to plot anything and that is the most appealing part of this outlining tool. I used it to work on my newest novel and found it to be immensely helpful in pushing the plot forward especially toward the 3/4 mark of the book where I tend to lose my way just a bit. Kudos to Katherine King for her explanations about each step in the story and the ease of using the template to map your work.**I bought a copy and have also received the paperback version as a gift from the author. I am enjoying both but am using the paperback one more as it is right in front of me as I write.
