Therapeutic Choices

Synopsis

Therapeutic Choices, Sixth Edition Therapeutic Choices is a trusted source for evidence-based treatment information for all health care practitioners involved in therapeutic decision making. Practical bottom-line, clinical information is referenced and organized in a concise format by therapeutic condition. Each topic includes decision trees (algorithms) and drug tables that support decision making in your everyday practice. Chapters are written by distinguished Canadian health care professionals and peer reviewed by experts. This book offers quick and easy access to therapeutic information to help you deliver better patient care. Highlights of the Sixth Edition Access evidence-based information for more than 160 disease states, including five new topics Learn how to manage 80 conditions during pregnancy and breastfeeding Find new Canadian products added to the quick reference drug tables Determine the best course of action with easy-to-use algorithms
