Customer Reviews

THIS is becoming a bit much. this book can be gotten from mongoose publishing for \$30 to \$40. the problem is you have to use pay-pal, which I will not do. buyer be aware. hate to say it, but is not looking out for its customers. personally, I keep a notebook list of people selling stuff that is way over-priced. yes the economy is not doing so great, but does that mean I have to price shop on every little thing bought on ???
