Magic Revealed (Dragon's Gift: The Seeker Book 3)

Synopsis

At a glance, life is perfect for Del Bellator. She's getting the hang of her magic, the shop she runs with her friends is thriving, and she has a hot almost-boyfriend in the form of were-demon Roarke Fallon. But nothing is ever as it seems. Del's mysterious friend Draka is missing, and she's in more danger than Del could ever realize. When Del receives a clue about Draka's location, she sets off to save her. But a simple rescue mission turns into a game of cat and mouse that Del doesn't know how to win. Her enemies are in the shadows, pulling the strings, and it's all she can do not to fall into their grasp. It will take all of Del's magic and all the help she can get from her friends and Roarke to save not just her Draka's life, but her own. And the secrets she reveals along the way just might break her. Magic Undying features a kick butt heroine, a powerful hero, and otherworldly adventure.

Customer Reviews

It would certainly appear that life's perfect for Del Bellator. She's getting the hang of her

inherent (and inherited) magic, the shop she runs with her sisters is thriving, and things are progressing nicely in the romance department with her boyfriend, the were-demon Roarke Fallon. Unfortunately, this is not the case for Del. Her mysterious Guardian Draka was more like a mother to Del when she was growing up and she's missing, and more danger than Del could ever realize. Del, along with Roarke and the help of her extended family, act on a series of clues about Draka's location and she sets off to save her. But a simple rescue mission turns into a cat and mouse game that Del isn't sure she can win. Her enemies are lining up to get her in their grasp while killing those she loves. It will take all of Del's magic, her determination and the help she gets from her sisters and Roarke to save not just her friend's life, but her own. And the secrets she reveals along the way just might break her. I have certainly enjoyed this series and each book pulls you deeper into the story. I certainly look forward as Del continues to unravel mysteries of her past and to find out what's in store for her future. Jack Murphy

I am following the triumvirate Cass Nix and Del. This adventure with Del's family home was interesting and I love Draka the phantom dragon. Wish some things went a bit further in explanation like her parents. I felt that there wasn't enough info on why they were such heartless people. And her relationship with Roarke needs to move on to the next level. I am a fan!

Del and co. find themselves in an adventure to save the phantom dragon, Draka. Along the way Del learns some disturbing truths about her past. Del just face her fears to succeed and she will need her friends and family close by to do so. Another great chapter to The Seeker series!

I really loved these books! Lindsey Hall is a new author, I believe, because I liked these books so much, that I've searched for more by Lindsey, and only come up with these. Lindsey, if you're reading this, you are amazing at what you do! The ONLY thing I wanted to tell you is, whoever edited the book did have a mistake in chapter 14 the first sentence was of Del talking, but she said she loved her life with Del and Nix....something to that effect, at least. But considering I knew it was Del talking, I knew it was supposed to say, "Cass and Nix". No biggie lol. If you love the supernatural/ sifi type books, THESE ARE THE BEST! I can hardly wait for the next!

Dungeon and Dragons on a grand scale with lovable characters and all the mayhem and intrigue you can imagine. Very enjoyable. A story line that draws you in. When is Del going to enjoy Roarke?

Del is evolving and learning who she is. It is a lot like growing up and taking on the adult responsibility destined for her. Can't wait to see how she handles the coming war.

Everything Lindsey writes is good! This is book 3 in Del's story and it was great to find out more about her past. Through Cass's story-Dragon's Gift: The Huntress, we know that Del, Cass and Nix are all missing memories of their lives before age 14. If you've read that series, you know Cass's history but not Del or Nix's. This book gives us much more of Del's history and leaves a lot to still be told. There's no cliff hangers but there is definitely more to the story and I can't wait for the next book to come out.

I've not read a series in a long while that has held my interest the way this one does. I came across the beginning of Nix's story first, completely enthralled, and have worked my way through Cass's & now Del's focus. I wouldn't want one without the other two, but enjoy each storyline. I would recommend this to anyone who loves a magic wielding Indiana Jones type team without the over-the-top romance garbage.
