I love donkeys, so I was very excited when I found this adult coloring book. The eyes are filled in (black) and I wish they had been unfilled so that some expression could be given to the eyes. Donkeys have soulful eyes, and these pictures don't capture that. The designs become very detailed--they have some very small details--and are a little tricky even with my bifocals. Each page contains a donkey in a different pose, which is good. I would have liked some background details on each page--although others may appreciate being able to design their own background. I like this coloring book because of the subject matter, but I wasn't thrilled with it.

The drawings are ok. I did not like the drawings that much. I love the idea though.

This was a gift and they loved it!

Bought it for a friend for Christmas and she loved it

Very cute book. My niece loved it.

Besides this getting rerouted across America before i got it! Surprisingly I did get in great condition!The person i gave it loves Donkeys and she was ecstatic to receive this!If you ever make a Christmas or second edition, please let me know!
