Customer Reviews

What could be better than pre-painted plastic miniatures for your Star Wars roleplaying needs? I highly recommend these to anyone playing the game or just into collecting Star Wars stuff. The detailing is better than anything I could achieve if I painted them. Open a box and get ready to play!

The Clone Strike boosters are now out of print. The miniatures are well painted and if you still has any you should get them now. The only disappointment with these sets is the random element which is a marketing tool. It is always exciting to open one while not knowing what is in it, but getting multiple uniques is not.

This goes great with the starter set. You really need the starter set to play the game. I also have the Rebel Strike and the Revenge of the Sith set. I love playing this game. It's great for any Star Wars fan.

This item was better than expected and this is a great way to continue to collect or play Star Wars Miniatures game.

These booster sets are great. I bought 5 and got some great miniatures. I highly recommend it.

An excellent one guides to play and to collect StarWars miniature
