Those That Remain (The Mechanic Trilogy Book 1)

Synopsis

A dark & compelling crime thriller Lucas is coasting towards retirement in a mundane Florida police precinct when a brutal serial killer, codenamed Mechanic, lands on his patch. Three years ago, they thought Mechanic was dead. But Mechanic is very much alive and no family is safe from the savage, ritualistic murders that the sadistic killer is compelled to commit. Mechanic is always one step ahead and Lucas is forced to operate outside of the law. But who can he trust and who is Mechanic? Soon Lucas will learn that the truth is more terrifying than he could ever imagine and in order to find the answers he needs, he might have to put his life on the line. Those That Remain can be read as a thrilling stand alone or as part of the gripping Mechanic Trilogy. Also available: Book 2: In Your Name Book 3: Pay The Penance

Customer Reviews

I love this book. I found this book from a random search. When I started reading I enjoyed it from the first page. The mystery that the writer gave you about the mechanic was great. I wanted to continue to read and by the third chapter I wanted to see If Lucas would finally get the credit he worked so hard for. I would have loved if the writer could have given you more background on Lucas and his family to make you feel even more connected to this detective. I am ready to read more about the mechanic. Give this book a try you may like it.

As it started this book seemed a bit slow from the gate but very soon started moving like a super sonic jet ride! I was seeing red as the plot unfolded before me. The red want from anger, rather because I was torn so fast I felt a instant switch to 5g's in a second. The pace was blinding and I was riveted to see what was going to happen next. It was so well written that the action seemed to almost get ahead of itself in my mind. But in the end the twists and turns left me exhausted. I'm ready to start the next book in the series!

Excellent read. Wonderful character development. It's been a long time since I've had a story line that left me guessing until the author was ready to give it up. This would make an excellent psychological thriller movie.

It's only late in the book the reader has a clue , and then it's blurred. Excellent plot , kept me reading late...

This is a great trilogy. Couldn't wait to start the next one each time.

Good characters, cool plot.

Twists and turns, well thought out. Thrilling end with wonderfully flawed characters. I am looking forward to reading the next in the series.

Once I picked it up I, couldn't put it down. Hurry up August!! I can't wait to read the next one.
