Synopsis

â œThis book offers you an opportunity to internalize and directly experience the great wisdom of the Tao Te Ching, a collection of verses authored by the Chinese prophet Lao-tzu. â œThe words Tao Te Ching translate to â ˆliving and applying the Great Way.â ™ Although just 81 short verses, the Tao encourages you to change your life by literally changing the way you think. By reading through the verses presented here (which Iâ ™ve pieced together after reviewing hundreds of translations)â ”along with the corresponding affirmation Iâ ™ve created for each verseâ ”youâ ™ll be embarking on a path that encompasses the profound ideas that Lao-tzu intended to convey.
â œThe Tao Te Ching offers you Divine guidance on virtually every area of human existence. It is a new way of thinking in a world that needs to recapture its ancient teachings. Work with the verses and affirmations regularly and you will come to know the truth behind the ancient Tao observation: When you change the way you look at things, the things you look at change.â • Â â ”Â Â Â Â Â Dr. Wayne W. Dyer Â

got it on the kindle, really messes up the book, obviously, it has picture with each page, so when you turn your pages on the kindle, you get 1/2 of the picture on one page, and 1/2 of the picture on the next page. Now, I like to have my font larger, so tht's probably why this is happening....not sure, but it is irritating none the less.

This is the third year I purchased this calendar. It is beautiful and thought provoking. Dyer's commentaries taken from his book really add meaning and value to the calendar. I was so impressed I purchased the book as well.

If you want to read a good book, get it by this great writer

I thumbed through this one and realized I would love it. Am saving it for the new year when I begin a new daily spiritual practice. Wayne Dyer has been a huge influence on my life and I will feel he is still with us as I read and work through these daily nuggets of wisdom. Thamls, Wayne.

Wayne Dyer was one of the greats. Everything he wrote has so much substance. This is his take on the Tao. A classic to hold onto no that Wayne has moved from this earth.

Wonderful photographs and good text if one is interested in the Tao.

Well done.

The Tao Te Ching has long been one of the classic works of Eastern philosophy. Now Dr. Wayne W. Dyer turns a Western eye on an Eastern way of life, melding the two into this small volume for a good introduction to an area long neglected by Westerners.
