Customer Reviews

This story gripped me from the very beginning with the great plot and well defined characters! Steel and Talley had so much hot chemistry between them that I felt like I was peeking through their window and watching as their story unfolded!! voluntarily reviewed an advanced reader copy of this

book, however, I liked it so much that I purchased it!

First book was boring and disjointed. There was not one great character. Second book, *Wicked*, was ridiculous and I DNF

Claire sure knows how to write a HOT biker romance. I couldn't put it down, read it start through. Tally and Steel's love story is exciting.

I received this book for free in return for an honest review. Claire St. Rose has done it again, she has delivered a hot biker romance. Steel and Tally both have grown up roughly. Tally is a young girl working a crappy job trying to save money to go back to school. Steel is hardened biker who is comes into her life one morning and takes charge for one day. They go out and then she doesn't see him again for a month or so. He comes back at the right time and takes her back to his club house. Of course there will be hurdles along the way. You will just have to buy the book so you can figure out why she lost her job and is willing to go with him. What hurdles are ahead of them? Believe me it is worth it to find out. I really enjoyed the book and read it in one day.

I have to say Claire has done it again another freaking wonderful book. I've read several of Claire's books and I tell you the more I read her book's the more I fall in love with them and this book is no exception. You need to get the book and let Claire draw you into her storytelling. I voluntarily reviewed an Advanced Reader Copy of this book.

Tally works in a "drive-thru coffee shop for pervs" wearing nothing but a sexy bikini, heels and a smile! Steel Jordan is the founder and Pres of "The Blue Wave", a MC which is the largest biker gang in Seattle. He rescues Tally from the unwanted advances of a jerk. Will they fall in love? Will they have trying times? Will they have a bundle of joy? Will they have a HEA? You'll find the answers to all this and more if you pick up a copy of this amazingly wonderful book. I received an arc of this book for my honest review.

I voluntarily reviewed an Advance Reader Copy of this book. Quick enjoyable read. This book piqued my interest from the very beginning. The storyline begins with Tally working in a Drive-thru coffee shop in a bikini and Steele rescues her from a jerk who wants more than coffee. This book hot and steamy and will pull on your heartstrings. Great job Claire.

I love MC romances and this one was an okay quick and easy read. MC terminology isn't initiated until partway through the book. What I assume is a cut (kutte) is referred to as the biker's leather. Timeline on the pregnancy seems skewed. The steamy scenes and suspense were pretty good. Read through KU.
