Customer Reviews

I only have one question, where's book 4? LOL! Can't wait to read it when it comes out. I loved every minute of Gunner's story. I love the Southside Skulls!!

i love the whole group of bikers, the stories and the writing. Great ending. Wanted more, didn't want it to end. would be nice to read more about Gunner and Dax.

Very good

Enjoyed very much.

All Gunner Davis wanted was a family that cared about him. Growing up the son of a biker who left his teenage, prostitute mother with nothing but his biker cut, he has no family left but the one that he has made with the few that he trusts. In and out of bad situations, admittedly of his own making, has left Gunner without an optimistic outlook on people. However, when the Southside Skulls come calling for answers, Gunner is about to find out that the family that he has always secretly longed for is closer than he realized. But so is the past that he wants nothing to do with, but he can't seem to shake. And that past lands him directly into the lap of Tamara, daughter of the VP of the Head Hunters MC. Tamara knows what type of life bikers lead in the MC. But she is determined that she will not be a man's old lady, delegated to a second-class citizen. She will forge her own path, but that is harder to accomplish than she first thought. Everyone knows who her father is and who the Head Hunters are, leaving her without a lot of options. But one thing she does know about the MC, when they call asking for help, you answer. That is how she ended up with a ripped, sexy, blue-eyed biker in her bed looking like he went rounds with a heavyweight champ, and resounding lost! The spark between them is instantaneous, and both know of the complications that the attraction can lead to. But neither is willing to stop the fire that rages between them. And when danger comes knocking, Gunner shows that he is more than willing to place his life in danger for those he cares for and is willing to stand up and do what is right, even if it isn't the smartest option available. Unfortunately, these two hard headed people have more twists and turns in their paths than they thought, and if they are not careful, they may not have a future to fight for. The Southside Skulls are back and badder than ever! I was a little disappointed in CODY and didn't like that book as well as the first. But I do believe that GUNNER has now become my favorite in this series so far! Gunner is a super awesome hero in this book, although he does have a tendency to get shot a lot. But what I loved about him was the Jessie Cooke made him so believable a character. He is sweet and kind, and in the next second he is dominant and dangerous. And Tamara is an awesome heroine. She doesn't take crap from any of the men in the club,

even though she does have to give in periodically. She stands toe to toe and is willing to fight for what is right. There are again twists and turns and secondary plots that entangle the characters even more, but that just makes the story that much better. This is definitely a win in my book and I HIGHLY RECOMMEND this book!eARC through Enticing Journey Book Promotions

Gunner Davis is a blue eyed sex on a stick. He wear a leather kutte that he believed to be his father's. His mother was holding on to for dear life the morning he found her dead. All the deadlocked sexy biker has ever wanted was a family. Gunner seems to always attract trouble it seems but this time the trouble just may bring family. This is the 3rd book in the Southside Skulls MC series. It can be read as a standalone but just keep in mind that it is intended to be read after you have finishes Dax and Cody. I say that because they are some main players in this book also. This doesn't have cliffhangers either for everyone who dislikes them. Wow, i absolutely loved Dax and Cody. They bring out not only just a nitty gritty side of the MC world. It's almost like they have inside knowledge on the MC world. Gunner wow what a soul. It opened up with him and i was hooked. Gunner I feel is just a man looking for his family. Even though he has Patty and Billy they aren't his blood. I loved how Jessie Cooke added the fact that Runner's blues eyes is what showed the connection. I won't give it away because it will spoil it and i won't spoil it for you. GO READ IT. Now Tamara she is loyal to a fault but doesn't really understand the club life. I love her out burst but i dislike the inner battle she has with herself when it comes to loving Gunner. Not only that but she seems to be the MC princess who just needs something for herself. Her fighting for a little bit of freedom is hilarious. I loved that she is a little badass in her. The sexy time scenes between these 2 are fire. I felt like my kindle was going to set itself on fire. That's how I felt. Tamara is a nurse patching up Gunner. That's how they met. But trouble follows Gunner everywhere. The twists and turns in this book had me on the edge of my seat. Not only was there a romance factor but there was mystery and intrigue and a who done it factor. I loved that Tamara brought the sexy man to his knees. I wasn't sure how I would feel about her throughout the book but she grows on you. Even when you want to slap her, you still want to lock them in a room together and throw away the key. Especially when he's. Sorry can't tell you without spoiling it. All the secondary characters made this book the book it is. Not only are they all major players in the book but it adds people to the who done it factor. I look forward to next book in the Southside Skulls MC series.
