Mission Earth Volume 4: An Alien Affair

Synopsis

The Voltar Confederacy has a long-range strategy to invade Earth and use it in their conquest of the Galaxy. However, with the discovery that Earth is being destroyed by incessant pollution, Royal Officer Jettero Heller is sent on a top-secret mission to handle this threat to the planet's life. But why is Lombar Hisst, head of the Apparatus, Voltar's deadly intelligence agency, determined to sabotage the mission and see it fail? Can Heller possibly succeed or will he fall into the web of intergalactic intrigue spun by Hisst and his devious henchman, Soltan Gris? Find out as you embark on this mission full of dynamic characters and packed with plenty of twists, action and emotion.

Customer Reviews

L. Ron Hubbard is a master storyteller combining science fiction and satire into an incredible tale fraught with espionage, science fiction and humor. Unfortunately, in his quest to write the "all time greatest" story, his liberties in Volume 4 took a step backwards from Volumes 1 thru 3...

Wickedly entertaining satire that's even more applicable to modern America. The parody on the real name of Barton, Barton, Bernstein and Osborne to the story's name of Fatten, Farton, Bernstein and Ooze is just one example of many.

Awesome book I really like this story. It completes my 10 volume series thanks. This is my second time reading this book...actually is volume 4 of a 10 volume series. I love this series. Most say it's Fiction and it is, however, if you look closely you will see that sometimes there is more to Fiction than meets the eye.

When L Ron Hubbard set out to write this series, he wanted to write the biggest science fiction work ever written. At ten volumes, it is one of the biggest (if not THE biggest) science fiction work ever written. Brilliantly plotted, it is a delight to read. There is an element of satire running through the series. This must be one of the most underrated science fiction work of all time.

Hilarious send-up of life on Earth from the viewpoint of an alien - one who is not all that bright himself. The author pokes fun at an endless array of foibles and nonsensical acts that are so commonplace in our world as to have become accepted as "normal."

Good story. Great read. Science fiction at its best. If you read the three previous volumes, no more explanations are necessary.

this is the best book I've read in this series yet with plenty of action and good satirical references. Best one since book 1.

Many of the "dangling ends", sub-plots, are slowly being address and brought to closure.
