The Reluctant Adventures Of Fletcher Connolly On The Interstellar Railroad Vol. 4: Supermassive Blackguard

Synopsis

Fletcher Connolly just can't win for losing. After his heist of the Gizmo of Rejuvenation went sideways, Fletch realizes just how much the pursuit of his dreams of wealth has cost him. Together with his partners in crime and one old enemy, Fletch finds himself abducted aboard the mysterious Ghost Train, bound for the unknown distant reaches of the Interstellar Railroad. Only one thing is certain: no one abducted by the Ghost Train has ever returned. So naturally Fletch and his companions jump at the chance to get off at the next stop. But when a seemingly kindly planet shows its true savage nature, Fletch and the others resolve that perhaps there is something more to the idea of continuing to enjoy the Ghost Train's hospitality. Speeding toward the core of the galaxy with nowhere to run, Fletcher Connolly faces the understanding that no amount of his usual tactics will help him this time. He has no choice but to put his Irish cunning to the test. For the first time in his life, he must face appalling peril for the sake of humanity alone, profit be damned. Can he find a way to outsmart the greatest minds of the galaxy and win back their freedom? Or will Fletcher Connolly never see home again? This is the final volume of The Reluctant Adventures of Fletcher Connolly on the Interstellar Railroad. Stay tuned for the follow-on series ... the Interstellar Circus!

Customer Reviews

What a wonderful wrap up of an amazing story. I couldn't put it down. I adore the way all the main characters get an ending, yet the possibility of a return appearance is left open. Thanks Felix. Keep writing. Great read.

Got the first book free and that opened the door to wanting more more more. This was is hopefully a continuing great storyline of unforgettable characters. Please consider more of the same. You won't regret trying this author

I enjoy the way Felix can describe the luck of not only an Irish man. But the luck of a world of others. His use of known companies help to paint a great picture of the different human technologies used in his writing. Excellent novella.

These were fun and nice and a worthwhile read as you fly or have a bit of time on your hands. As everyone tries to mimic a Douglas Adams type vibe to varying levels and degrees these Reluctant Adventures don't share the same comic timing and absurdity, but have a nice bit of charm. So, get them and have fun.

Greatness!

This series was terrific. A great read. Enjoyed each book.

Again a series of misadventures as Fletcher travels through the galaxy. A fitting end to the series. If you've lived the earlier ones be sure to read this one

A very enjoyable book. Easy to read and sort of lighthearted in spirit.
