Customer Reviews

Okay, but mostly information you can find elsewhere for free from the pros who are making an excellent living writing quality erotica. Some information needs updated as the rules have changed and are constantly changing. Some is common sense. Doesn't actually address the "Do Nots" of erotica writing and publishing, such as topics like rape for titillation or necrophilia and more. Also does not actually address the rules of making a professional cover, including (but not limited to) NO NUDITY.I wish it had been better constructed. But, for a first-timer who doesn't know anything about the erotica/erom market, it is a good place to start.
