Shit My Ghostwriter Says: Or How NOT To Make Money Writing Erotica

Synopsis

It was about the forbidden fruit, I mean the live beef sausage sandwiched between his legs. So I spent \$80 getting a lady to write me erotica. It was her job to write the establishing scenes, setting up the characters and getting them into naughty situations. Her job application was perfect, it seemed too good to be true. It was too good to be true. The 10 introductory scenes she wrote for me are among the strangest, least erotic things I've ever read in my life. But when life gives you poorly written lemons, and charges you \$80 for them, you bundle those lemons together on the internet for everyone to enjoy. **WARNING:** This book contains 10 of the strangest erotica scenes you will ever read. Nothing has been altered, they are exactly what was sent to me under the guise of "Sexy MILF erotica." You have been warned. Excerpt: "Good morning James", Venessa would enthusiastically greet me every morning when she passed by my office door. Venessa was something to see. She stood an intimidating 6'9" while I was only 5'5". I always thought that I could dare this lofty devil; either tiptoe and reach her space (mark you she was worth the trouble) or bring her down (what are cranes for any way?). We used to call tall women devils as we thought they were a deadly devious and scheming lot. But wait a minute, she was my boss. I had to shelve that idea and the feeling and probably confirm with the psychiatrist whether I was in my lucid moments.

Customer Reviews

First off, as a former ghostwriter and a current erotica writer, my stomach turned when I read his introduction. So he's too damn lazy to actually write his own stories (not surprising, since he obviously has no real passion for the craft whatsoever, and just wants to make a quick buck), so he hires a ghostwriter to write them for him, is disappointed by what he receives, THEN decides to publish them anyway, to make fun of her? THEN, if that wasn't enough, you're still trying to make money off her bad writing! Bottom-feeder much? No. No, at least she tried to write, which is more than I can say about you. Yeah, it was terrible, but at least she didn't hire someone else to do all the work, only to publish it under her own name. DO NOT GET THIS BOOK. There's no point to it. Thank god I used Kindle Unlimited and didn't actually buy it.

If you are interested in reading erotica, how to write erotica or (and this is what I thought the book was about) how to have erotica ghostwrittenthen please ignore this eBook! It is a compilation of (very!) short stories ghostwritten for the author by various outsourcers. I am not sure what the purpose of this ebook is other than to make money for the publisher as all it shows is how terrible some of the ghostwriters out there are. No information on what to avoid, how to look for a good ghostwriter, hell... the stories are so bad they aren't even funny! I assume the \$8.99 price tag for this horrible thing is to compel people to "borrow" the book, rather than buy it outright. That way a quick and easy \$2 is deposited into this author/publisher's account. Burn me once...shame on you...
