# Write Till You're Hard: The Best Guide To Writing Erotica Ever

## Synopsis

People will tell you that writing is a grueling, miserable occupation, that should only be undertaken by the strong of heart and the bulletproof. They'll tell you that you have to be born a writer, and if you lack that certain something (they never know what it is) you'll be mediocre at best. They'll also tell you that the earth is 4,000 years old and racism is a myth, so don't believe a fucking word they say. Every single one of you can make people come using just your words. Okay, you can't force them, but you can inspire, excite, and entice them. You can seduce them, arouse them, and make them fall off their chairs laughing. And if you really want, you can probably make them come and laugh at the same time. Writing is a skill like any other, and you can learn it. You can learn to tell stories, you can learn to form great sentences, and you can learn to turn people on. It may take courage, and it will definitely take work, but if you want to write dirty things you're in good company. Some of the greatest people in the world have sex, and many of them write about it as well. This book will show you how.

## Customer Reviews

This is a brilliant, well written, fun and exact account of writing. The exercises are great to inspire stories and learn the craft and I will recommend this to many. Very excellent guide to writing erotica and how to keep it interesting and be successful.

This book is down to earth and funny and packed with real advice. The Guy doesn't talk down to us because he's published. It's good book to get your feet wet or in my case rev my erotic engine again. You'll actually find yourself doing the exercises and those will lead to entire stories!

This was really helpful for improving my own writing. Yes, my erotica writing.

There simply isn't much here. It is like a slough of other books about on line writing that contains little value

Guy goes out of his way to embrace the social tools he uses to distribute some of the internet's best poly-friendly porn while giving you thoughtful, insightful tips on writing erotica that will turn any writer - or reader - on in more ways than one.
