Comparative Politics Today: A World View (10th Edition)

Synopsis

Combining thematic chapters and country cases, *Comparative Politics Today : A World View* sets the standard for introducing the field of comparative politics and for illustrating how to compare the world's political systems. Written by leading comparativists and area study specialists, *Comparative Politics Today* helps to sort through the world's complexity and to recognize patterns that lead to genuine political insight.

G. Bingham Powell is Marie C. Wilson and Joseph C. Wilson Professor of Political Science at the University of Rochester. Russell J. Dalton is Professor of Political Science at the University of California, Irvine. Kaare Strøm is Professor of Political Science at the University of California, San Diego.

THIS BOOK SUCKS!!! I bought this book because it was the required text for UMUC's GVPT280 (Comparative Politics) I have read a lot of textbooks. This book hands down is the driest textbook I have ever read. I love politics, but if this would have been the first class that I had taken I would have switch majors. UMUC there are better books out there. Please pick a different one.

I needed this as a textbook. The text rambles on forever about really unimportant things, gets sidetracked a lot, and is fairly dry. There are some interesting sections, but the ratio doesn't make it

a worth-while read. I'd say for every 20 pages, I'd find 3 of them interesting.

The book is amazing and glad I got it.

Very good condition

Good

I don't hate the book, but you will find much better comparative politics book other than this.

Got this on because the school website was asking for ridiculous prices, was super stoked on how inexpensive it was and went for it. When it arrived I was initially impressed by the condition of the book FROM THE OUTSIDE as there were few markings and looked very promising. Then I opened it and the smell of cat piss nearly knocked me off my seat. I'm not even exaggerating. Once I stopped gagging I flipped through the pages. The information itself is relevant and updated, and the writing is interesting compared to other textbooks where their goal seems to be to lull you to sleep. HOWEVER I expected only a few markings from the previous owner. Nope. The owner(s) previously vandalized the book obscenely in select areas. They highlighted and marked in reckless abandon. The worst part is that they highlighted INCREDIBLY STUPID PARTS including but not limited to: entire pages, entire summaries, double explanations, and chapter titles. I'm disappointed and will have to explain to everyone in my class it wasn't me who did such highlighting. How shameful for me. I'm currently wallowing in semi pity but really should have known better. I'm keeping the book in my closet with a lot of air freshener.

Excellent conditions
