TRIAL BY FIRE: An End-Times Prophecy Thriller (Christian Fiction) (The Omega Series Book 2)

Synopsis

...NOW AVAILABLE... THE APOCALYPSE CONTINUES. . . . From the best-selling author of SCARS comes the captivating sequel in this epic end-times series torn from the pages of Revelation. After exposing the secret agenda of the New World Order, street-smart reporter Brock Summers finds himself imprisoned as a resister and facing a terrifying choice: receive the mark of the beast or die under the blade of the guillotine. Trial by Fire takes you on an unforgettable journey through the apocalyptic ruins of a Northern California city into the vast wilderness where Brock must decide on which side he will fight. Will he bow down to the beast and take the mark? WHO WILL SURVIVE? Patience Prence accomplished what I thought could not be done. She overshadowed her SCARS novel with her latest Bible fact based fiction by far. If you aren't yet a believer of the inescapable truth of Biblical ancient prophecy unfolding in our lifetime, you will be. By quoting scripture that supports the storyline makes it hard to believe it's fiction. A quick read, because once you start this story, you won't be able to put it down. Well done Patience, good and faithful servant. • Charles Snellgrove Reviewer. I enjoyed this book. It was written and edited far better than its prequel! The storyline flowed well, kept me interested, and was well written. This is the second of two books I have read of this author. Note to the author: Much better job on the editing before publishing...versus the prequel. Far less formatting errors. Be careful copying and then doing a paste...may be some of your formatting problems. Get some help on how to form a Web link. Did not try them all, but the ones I did worked. Just that the words or scripture underlined should be all the text, not just a portion.

Trial by Fire is a book that will capture your attention from the first page.. Patience Prence shares Bible scripture to back up her take on the End Times. Her characters seem so real and I was rooting for them throughout the book. I enjoyed the interaction between Brock Summer and Copperhead. This young lady (Copperhead) had to deal with what she thought was real by listening to people instead of reading the scripture. Brock was so patient with her but firm when it was needed. Ms. Prence's books are well written, exciting and kept me reading until the end. I always hate to come to the end of a great book and this one doesn't disappoint. If you haven't read SCARS I recommend you do so. As with SCARS, I do highly recommend Trail by Fire.

If you have questions about the end times, about the 7 years tribulation, pick up this book and Patience's first book Scars. Each book provides events that will take place during the tribulation and

how different people handle the choice for Jesus or Satan, as each of us will have to make if we are still here during this time. I found these books easy to read and understand without having to have extensive knowledge of biblical events. They are great books that address situations and how the average person will deal with the situation. I highly recommend them!!

This is the second book of Ms Prence's that I have read. It tells of a time that is soon to come, but one which the world will not understand. I pray that many of you will come to know the Lord before that day. In His Service, Gordon T. Eldridge

A good read about conditions in the tribulation will be like and how your choices have real eternal ramifications read it

Would recommend both books in the series for most ages. The story line was well written and kept you reading.

I loved the first book Scars and have read it many times. I was very excited to see a second book! Would highly recommend both books
