Zoology (Botany, Zoology, Ecology And Evolution)

Synopsis

The 10th edition of Zoology continues to offer students an introductory general zoology text that is manageable in size and adaptable to a variety of course formats. It is a principles-oriented text written for the non-majors or the combined course, presented at the freshman and sophomore level.

Introducing SmartBook! For the first time Zoology, 10th edition is supported by SmartBook, an online learning tool that merges an eBook with adaptive assessments, creating an individualized experience for the students, adapting to their learning.

Customer Reviews

Stephen Miller currently teaches courses in Zoology, Biology and Invertebrate Zoology at The College of the Ozarks, Lookout Point, MO (Branson). He is also the author of General Zoology Lab Manual, 3e. John Harley teaches Anatomy & Physiology and General Biology at Eastern Kentucky University, Richmond, KY and is also co-author of Prescott/Harley/Klein Microbiology and the ASM Microbial Telecourse Study Guide.

Good product and fast service.

I got this for my zoology class and i love it lots of good information that helped with my exams and i loved the pictures in the book! A good book to have to study with if you want to get in the field!
