Skills Performance Checklists For Clinical Nursing Skills & Techniques, 8e

Synopsis

Master the clinical skills and techniques you need to succeed as a nurse! Designed to accompany Potter and Perry's Clinical Nursing Skills & Techniques, 8th Edition, these handy checklists help you perform each skill and procedure presented in the textbook. By following these step-by-step checklists, you will build skills and assess your proficiency quickly and easily. A skills performance checklist is included for every skill and procedural guideline in the Clinical Nursing Skills & Techniques, 8th Edition textbook, with step-by-step instructions for over 200 basic, intermediate, and advanced nursing skills. Thorough and convenient documentation of skill mastery is provided for easier self-evaluation. Perforated pages make it easy to submit forms to instructors during clinical skills lab.

Customer Reviews

Anne Griffin Perry, RN, EdD, FAAN, Professor and Associate Dean, School of Nursing, Southern Illinois University, Edwardsville, IL
Patricia A. Potter, RN, MSN, PhD, FAAN, Director of Research, Patient Care Services Barnes-Jewish Hospital St. Louis, MO

This is a poor replacement for a Lippincott volume I once owned. It is not at a level of care for Nurses(Rn's or Lpns)

using for school

It was informative

This is used by my school as a lab book and it is good, just i do not like how it lists things. I would prefer it be in order of performance and maybe have identification to what type of performance it is and it leaves out some important assessments that our school has had to add to it for our check offs. Other than that it is a great resource and I use it at least twice a week.

Love this book just what I need for my clinical class skills.

Very easy to read. Was a required book for my nursing program. Information was easy to understand and very easy to grasp the clinical skills and techniques it teaches you.

Excellent

This is nothing more than a workbook to fill out. It is a skill checklist IF you fill it out, which is not what I was looking for.
