Prince Of Outcasts (A Novel Of The Change)

Synopsis

â œ[An] epic series,â • the Novels of the Change by New York Times bestselling author S. M. Stirling chronicle a postapocalyptic landscape of medieval and mystical monarchies ruling and warring across a world where mysterious Powers removed advanced technology. A new alliance has been forged between the High Kingdom of Montival and the Empire of Japan, but at the cost of a lost prince... Â John Armingher Mackenzie wanted to be a troubadour, but fate made him the son of the king of Montival. His sister Princess Ã“raith will deservedly inherit the throne of the High Kings, and it will only pass unto him in the event of her death, leaving the young Prince on an unknown path to discover his true role in the family.Â The opportunity to prove his mettle comes when Johnâ™s ship, the Tarshish Queen, is caught in the fierce storm raised against the enemies of the alliance. When the clouds recede and the skies clear, John and his crew find themselves on the other side of the Pacific, in the island chains of the Ceram Sea, fighting to survive against vicious pirates and monstrous creatures of the deep, meeting new allies and mysterious enemies of this world and another.Â Now, Prince John must seize his birthright and lead his people in battle against the darkest forces man and nature can conjure against them.*Amazing Stories

Customer Reviews

Since I got sucked into The Change series starting with Dies the Fire, I feel kinda stuck with seeing it all play out to the end. The universe of the change is interesting, but all the themes have been touched on before so in most ways, this is just more of the same. More food porn, more swords and edged weapon battle porn, more evil while on the good side we've just moved on to the next generation of children. I hate to say it, but it seems like Steve has a contract for 'x' number of books and he's playing them out. He's a great writer and the premise of this universe is well thought out. His research impeccable. His writing is typically Stirling with excellent descriptive language, lovable characters on the side of good and true evil characters on the dark side with a few lovable rogues thrown in along the way. Predictable, but necessary for completeness. I wonder how many more of these he will write before he decides he's played this universe out?

By far. How long to the next one? I really like these books. This series is one of the best I've read. Love the many threads each has and how well each carries forward. One thread starting off too war, another at the beginning of another. In the violent history of the world after a calamity that has fallen the basis of its civilization away. Recommended.

The author delivers again. Just when you think there are no surprises you are carried on the wings of superb imagination. I wait with bated breath for the next installment.

Having just re-read the entire embverse series again I can clearly say Prince of Outcasts is one of my two favorites. As I read the series I missed Mike Havel. He was imperfect, had a bad temper but was interesting. Throughout the whole series Juniper MacKenzie was too perfect to be compelling and sadly so was Rudi. In addition in a couple of the books almost nothing happened. So why the heck did I just read 10 plus books twice. Frankly the world building is simply fantastic. Mr. Stirling spins a world that you can almost feel. In addition, as others have said, the battle scenes in these books are some of the best I've ever read. Detailed, compelling and extremely realistic. I just couldn't put these books down. Now for Prince of Outcasts. I really like John. He is unsure of himself, pushed around by strong women and very gradually growing up. There is a tangible humanity there I found really appealing. I also thought changing the locale of the stories to the south

seas made the book much more interesting. The remnants of Australia were full of funky three dimensional people who in some ways were more interesting than those back in good ole Montival. I eagerly look forward to the next book.

If you haven't read this series you must! I can't wait for each new novel and love how he's developed the characters as well as the story.

I am addicted to this series, but was a little disappointed at the slow pace of this particular installment. Much of the book is characters simply waiting. A great opportunity for character development that was mostly missed. Hope that the next one has a little more action. Overall, great series!

A very good continuation of the series. Read in order for best enjoyment. Looking for the next in series to be available

I have followed S.M. Stirlings Emberverser and Change novels from the beginning, and this one did not disappoint. I was kind of surprised by the cliffhanger at the end.
