Three Guineas

Synopsis

The author received three separate requests for a gift of one guinea—one for a women's college building fund, one for a society promoting the employment of professional women, and one to help prevent war and protect culture, and intellectual liberty. • This book is a threefold answer to these requests—and a statement of feminine purpose.

Customer Reviews

Like Virginia Woolf's better known *A Room of One's Own*, *Three Guineas* is still timely and well worth the effort required to read it. In this book-length essay, an English writer responds to a letter - from a society for preventing war and protecting culture and intellectual liberty - which asks "How in your opinion are we to prevent war?" and requests a one guinea donation. Her response examines this and two similar requests, one from a women's college building fund, and the other from a society promoting the employment of professional women. Each request for a guinea is seriously and thoroughly considered by questioning, in detail, why each of the needs exists: Why doesn't the English government support education for women? Why are women in England barred from professional work? And why is World War II imminent? With scathing humor, boundless dignity, and engaging detail, Virginia Woolf finds the answers to all three questions in the same source: "...we can best help you to prevent war not by repeating your words and following your methods but by finding new words and creating new methods... to assert 'the rights of all - all men and women - to the respect in their persons of the great principles of Justice and Equality and Liberty.'" -- For great

First, about the false advertising: promises the Kindle edition is the Annotated Edition. In fact, it is not. I read this book at least every year, and have several paperback editions of it, including the annotated one. I wanted the annotated in kindle to teach from, but when it came, I was disappointed to see it's the one without original pictures & annotations. I tried to get 's attention about this, but the online communications proved too cumbersome to work through. This work's importance is immense; it is a 1938 update of and response to Mary Wollstonecraft's A VINDICATION OF THE RIGHTS OF WOMAN (1792).. If you find the reading difficult at first, read it aloud to yourself until you get a sense of Woolf's style and voice. This is a sequel to A ROOM OF ONE'S OWN, much more potent than that canonized work. Read it!

Virginia Woolf wrote "Three Guineas" because of the wide spread response to "A Room of One's Own." The tone is quite different, though the glittering prose is the same. This book is a classic and should be on the shelves of any literary person, not simply in the possession of every feminist.Â Three Guineas (Annotated)

DO we live in a fascist society now? DO we have institutions built into our society that promote competition and exclusion? Is feminism still necessary? Read the book. Woolf was on to something.

Great writer.

Excellent service and a very good copy of a hard-to-get book. Thank uou

Great product and seller

This title forms the basis for any other feminist tract that's ever been written since. This book-length essay is simply exceptional, and is very very powerful.

This was a gift. It arrived safely and on time.
