diablerie and other adventures

Great edition to any vampire chronicle, or as a stand alone adventure.

I rarely story tell and when I do it is even rarer for me to go by a book, and well i still wouldn't but I like the story line and I thoroughly enjoyed reading it I must say it was one of the most well written and in general interestin WW Masq...books I have read and I am the picky one who reviews every one on here.... Buy it just to read, or for idead and if you want to play it thats good to, it will definately make a interesting plot...

not a lot of info about the clans you want i thought the book was ok but could have had a little more on the vampire kind
